

We Shall Buy a Million

50c Bottles of Liquozone and Give Them to a Million Sick Ones.

We have purchased for \$100,000 the American rights to Liquozone—the product which does what medicine cannot do. We thus control the only way to kill germs in the body and end a germ disease. We want the sick to know this product, and at once. So we make this remarkable offer. We will buy a million bottles and give them to a million sick. Will you—if you need it—let us buy one for you?

We will pay your druggist for a full-size bottle of Liquozone and give it to you to try. Simply send us the coupon below and we will send you the order, good at your local drug store. This is our free gift and its acceptance places you under no obligations whatever. We make it because this seems the quickest way to convince you—to show you—what Liquozone is and what it can do. Then our only request will be that you tell your sick friends what it does. When we, at our expense, have shown you a way to get well, help us let your friends know it, too. Do this for the good of humanity. In this way we have seen one cure lead to hundreds of cures, and that is why we make this offer.

We are Spending \$500,000 to thus give Liquozone away. Through 1,500 newspapers and magazines, we reach, with this offer, nearly every home in America. Our reason is this: There is everywhere sickness which nothing but Liquozone can cure. In every neighborhood there are lives which Liquozone alone can save. Our plan seems the right way—the best way—to quickly let those sick ones know it. When those million bottles are used in a million homes there will be few who don't know the value of Liquozone. And those million bottles—in actual use—will do more to convince those who need this help than all the arguments—all the testimonials—that we could ever print.

Acts Like Oxygen

Liquozone is the result of a process which, for more than 20 years, has been the constant subject of scientific and chemical research. The process consists in generating gases, made in large part from the best oxygen producers. These gases are confined under pressure and, by the employment of immense apparatus and 14 days' time, are made part of the liquid product.

The result is a product which does what oxygen does. Oxygen, as you know, is the vital part of air. It is the very source of vitality, the most essential element of life. It is oxygen that turns the blue blood to red in the lungs. It is oxygen that eliminates the waste tissue and builds up the new. And no germ of disease can live in the presence of an excess of oxygen.

But oxygen is a gas, and unstable. Liquozone is a liquid which is not even volatile. It carries its virtues into the stomach, into the bowels and into the blood, to go wherever the blood goes. It forms a vitalizing tonic with which no other known product can compare. It is life to the human body. But germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetal matter. For this reason, Liquozone destroys every germ in the body. And no man knows another way to do it without killing the tissues, too.

We Paid \$100,000

For the American rights to this product. We first tested Liquozone for two years, through physicians and hospitals, in this country and others. In thousands of the most difficult cases obtainable—cases which medicine could not cure—we proved that Liquozone was infallible. Then we paid the highest price ever paid for similar rights on any scientific discovery.

We publish this fact because it best

shows the value of Liquozone. Claims are easily made; but men don't pay a price like that save for a product of vital worth to humanity. Men of our class do not stake their fortunes and reputations on a product without knowing that it does what we claim.

We paid that \$100,000 because Liquozone does in germ trouble what no skill can accomplish without it. It will do more for the sick than all the drugs in the world combined. You must realize that we know this when, after paying that price, we offer you a bottle free.

Medicine Can't Cure

Your physician will tell you that medicine is almost helpless in any germ disease. The utmost it can do is to act as a tonic, aiding nature to overcome the germs. Such results are indirect and uncertain, depending on the patient's condition. A cure is always doubtful and often impossible. And the cures that do result are due to Nature, not to medicine. A cure can't come until those germs are killed, and medicine never kills inside germs.

These diseases were long attributed to other causes than germs, and medicine was used to doctor them. Up to the year 1880 germs were almost unknown; but now it is known that certain diseases are due entirely to germs, and medicine in no way applies to them. Any drug that kills germs is a poison, and it cannot be given internally. And drugs that can't kill germs serve little purpose in a germ disease. Those are the diseases to which Liquozone applies and which Liquozone alone can cure.

We Offer \$1,000

For a disease germ that Liquozone cannot kill.

This offer is published on every bottle of Liquozone; but nobody ever claimed the reward and nobody ever

will. Liquozone always kills germs.

Please note what that fact means. All that is necessary to cure a germ disease is to kill the germs. That is certain; and it is just as certain that the disease will never end while those germs exist. Liquozone taken internally goes wherever the blood goes—into every cell of every tissue. No germ can escape it, and none can resist it. Can you not see that the results are inevitable?

Germ Diseases

The diseases in this list are known to be due to germs or their toxins. Every modern physician knows that medicine does not apply to them, for medicine cannot kill germs.

It is true that for centuries medicine has been employed for these troubles, but germs were unknown then. More than half these diseases have been traced to germs within the past five years. The germ cause of Rheumatism, for instance, was not discovered until August, 1902.

Medicine is not for germ troubles. You must either rely on Nature to overcome the germs, or you must kill them with Liquozone. You can never kill them with drugs.

These diseases yield at once to Liquozone. We have seen thousands of these troubles ended in a week, though they had resisted medicine for years. And the results are so certain that in any disease in this list—no matter how difficult, no matter how incurable it seems—we will gladly send to any patient who asks it an absolute guarantee that Liquozone will cure it.

Asthma
Abscess—Anemia
Bronchitis
Blood Poison
Bright's Disease
Bowel Troubles
Coughs—Colds
Consumption
Colic—Croup
Constipation
Catarrh—Cancer
Dysentery—Diarrhea

Hay Fever—Influenza
Kidney Diseases
La Grippe
Leucorrhea
Liver Troubles
Malaria—Neuralgia
Many Heart Troubles
Pneumonia
Pleurisy—Quinsy
Rheumatism
Skin Diseases
Scrofula

Dandruff—Dropsy
Dyspepsia
Eczema—Erysipelas
Fever—Gall Stones
Goitre—Gout

Stomach Troubles
Throat Troubles
Tuberculosis
Tumors—Ulcers
Women's Diseases

All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisonous blood.

In nervous debility Liquozone acts as a vitalizer, accomplishing what no drugs can do.

50c Bottle Free

If you need Liquozone, and have never tried it, please send us the coupon below. Do this in justice to yourself. We will then send you an order on your local druggist for a 50 cent bottle free, and will pay your druggist ourselves for it.

This offer itself should convince you that Liquozone does as we claim. We spend fourteen days in making each bottle of Liquozone, using immense apparatus and employing the best chemists in Chicago. The product is very expensive compared with the cost of medicine. Certainly we would not buy a bottle and give it away if there was any doubt of results.

You want those results—you want to be well. Won't you, in simple fairness to yourself, send us this coupon and let us show you the way?

Liquozone costs 50c and \$1.
